Dear Parent,

It has been observed that some parents hire private vans/ three wheelers for transportation of their wards to/from school in the mornings and afternoons. In this connection the following points may be noted:

- i) Children should **not be dropped at the gate of Pushpanjali Enclave located near old 'Dost' Police Post** at Outer Ring Road since there is a **great traffic at Outer Ring Road**.
- ii) Children should be dropped and picked up at the gate on Parwana Road as this point is safe from traffic hazard and some members of the staff are deputed there to ensure the safety of all the school children.
- iii) Parents dropping the children by their own vehicle are also advised to **drop at the gate on Parwana Road near Guru Nanak Public School**.
- iv) Parents are also requested not to stop or turn their vehicle right outside the school gates as it hampers the flow of traffic moving into the school premises.
- v) **In spite of the above irregularities in plying vans, the transportation of children in vans is the sole responsibility and at the risk of the parents.**
