Dear Parent,

It has been noticed that some parents hire private vans/three wheelers for transportation of their wards to/ from school in the mornings and afternoons. In this connection the following points may be noted:

- i) The vans are generally over-loaded.
- ii) Parents are requested to check that the drivers of vans drive the vehicles recklessly, resulting in mishaps and the children suffer due to their negligence.
- iii) The drivers of vans drop the children much earlier in the mornings in the main school and pick up very late in the afternoons. Some times the children wait upto 3.30 p.m. in the afternoons resulting in their security hazard.
- iv) In Kindergarten school at Tarun Enclave the drivers of vans drop the children very late in the morning despite so many reminders to parents.
- v) Please verify the identity/antecedents of the Driver from the Police Authorities.

In spite of the above irregularities in plying vans, the transportation of children in vans is the sole responsibility and at the risk of the parents.
